

Ask Russian Proposal On Berlin Settlement

Leave Issue On Agenda Of Council

Paris, Oct. 27.—(AP)—The western powers today gave the neutrals on the security council—and Russia—on open invitation to make new proposals for settling the Berlin crisis.

That appeared to be the primary meaning of a British-French-American announcement which said the three powers are still ready to accept a settlement which would be "guided by the principles embodied in the 6-nation compromise resolution vetoed by Russia Monday.

The western power announcement was issued after a 70-minute meeting attended by Secretary of State George C. Marshall, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman.

Blockade Imperils Peace

In a mildly worded and carefully drafted communique, they said they had decided to leave the Berlin issue on the agenda of the United Nations Security Council where they have repeatedly charged the Soviet blockade of Berlin imperils world peace.

By deciding to leave the issue in the hands of the Security Council, they tacitly reaffirmed their charges and at the same time made it known that they were not ready yet to take the problem to the General Assembly for judgment by the 58 member countries.

The meeting of the western foreign ministers followed a meeting earlier in the day between Marshall and Bevin at which Berlin formally notified the secretary of state that the five members of the western European union had voted yesterday to ask the United States and Canada to join a North Atlantic defense alliance.

Yugoslav Minister Speaks

These developments came as: 1. Yugoslav Deputy Foreign Minister Ales Belier delivered a three-hour speech in the assembly's 58-member political committee, attacking the Greek government, the United States and western policy in general. The committee rejected 45 of 6. with two abstaining, a Polish motion to invite a representative of Greek guerrilla leader Makros Vafiades to participate in U. N. debate on Greece.

2. The administrative and budgetary committee unanimously approved a recommendation that the United States continue paying 39.89 per cent of the U.N.'s estimated \$33,469,587 budget for next year. The U. S. paid on that basis this year but had asked that its share be reduced to one-third of the total contributions by members in 1949.

Smith College Girl Found In Montreal, Canada

Montreal, Oct. 27.—(AP)—A pretty 19-year-old Smith College student who turned up tired, penniless and in tears in Montreal refused to tell detectives today how she got here.

She is Lenore Shanhouse, who disappeared from the campus at Northampton, Mass., Monday under unexplained circumstances.

Detectives quickly scotched a report that she had been kidnapped from the campus, but they said she refused to tell them any details of her Canadian trip.

She was taken to police headquarters last night after she was discovered in a Montreal park. Later she was held in protective custody in a Montreal hotel.

Tonight newsmen trying to interview Miss Shanhouse could not find her. Authorities would shed no light on her whereabouts, but indicated they were not worried.

POLICEMAN, STUDENT NATION'S TOP SHOTS

Quantico, Va., Oct. 27.—(AP)—A husky Detroit policeman and a slight, freckled 20-year-old Maryland University junior today were found to be the nation's No. 1 pistol and rifle shots.

The national pistol championship went to police Sgt. Harry Reeves; the national rifle championship to Arthur Cook of Washington, D.C., who looks even younger than his 20 years.

United States Halts European Gift Loans

Washington, Oct. 27.—(AP)—The United States today halted most of its remaining program of Marshall plan gifts to Europe until nine European countries sign up for repayable loans.

This pressure move came simultaneously with a State Department announcement that France and Britain have agreed with the United States, at this country's request, to suspend the removal of about 300 industrial plants from western Germany as war reparations.

The Economic Cooperation Administration took the first action and instigated the second. Both were interpreted as efforts to shape the European recovery effort on lines deemed by this country to be most effective.

Both, also, are temporary. The dismantling of the German plants will continue, Acting Secretary of State Lovett told a news conference. But it will be done in such a way, he said, that any plant can be reassembled after ECA picks out those which it believes would best serve overall European recovery by being kept in Germany.

ECA's shut-down on dollar gifts may not last two weeks, a spokesman suggested, if the European powers sign promptly more than \$500,000,000 in loan agreement now pending. England and Ireland are not affected; they have signed.

The suspension was an obvious effort to jell the other loan negotia-

Attorney General Aids Probe Of Sex Slayings

Eau Claire, Wis., Oct. 27.—(AP)—An assistant attorney general of Wisconsin was named today to help solve the killing of a teen age boy and girl.

Greater L. Broadfoot, Wisconsin attorney general, sent a member of his staff, William Platz, to help Eau Claire county authorities probe the sex slaying of Gertrude Bauman, 17, a high school senior, and her companion, Raymond Smith, 18, a bank clerk.

Meanwhile, little progress was reported by local authorities in their attempt to find new evidence concerning the shooting of the young couple whose bullet riddled bodies were found near a local country club Sunday after they disappeared on a hike. The girl had been raped, the coroner said.

Police Detective Norman Brandrup, said an officer would go to Streator, Ill., probably tomorrow, to question two AWOL sailors arrested for driving a stolen car which contained a .22 caliber rifle. Brandrup said two men wearing sailor uniforms were reported seen near the scene of the slayings last Saturday night.

Brandrup was awaiting the return of Sheriff Lloyd Thompson who went to Minnesota to question several persons. Brandrup said passengers aboard a train which passed over a bridge near the scene of the killings last Saturday also were being interviewed.

'Axis Sally' Asks President To Testify In Trial

Washington, Oct. 27.—(AP)—Defense counsel in the coming treason trial of "Axis Sally" asked today that President Truman be summoned as a witness.

A motion filed in U. S. District Court said that the defense would attempt to show through Mr. Truman's testimony that the charge was not brought in "Good Faith" but for political purposes. The motion also charged that former secretary of the treasury Morgenthau, Attorney General Clark and Columnist Walter Winchell be summoned as witnesses.

"Axis Sally" was the popular name among American troops for Mildred Gillars, 47-year-old Maine native who broadcast on German radio stations during the war. She was indicted for treason in September. Her trial is tentatively set to begin Nov. 15.

Richest Heiress Wins Divorce

Reno, Nev., Oct. 27.—(AP)—Doris Duke, sometimes known as the world's richest heiress, today was awarded a divorce from Porfirio Rubirosa, Dominican diplomat, whom she married at Paris September 11, 1947.

District Judge William McKnight awarded the divorce on grounds of "extreme mental cruelty." Rubirosa did not contest the suit.

Miss Duke was divorced here from James H. R. Cromwell in 1944 and has kept a home here since that time.

tions. Congress ordered that 20 per cent of the Marshall Plan funds be in the form of direct loans for specific recovery projects.

This amounts to \$1,000,000,000 out of the roughly \$5,000,000,000 appropriated for first-year European recovery. Thus far only \$312,300,000 has been loaned in more than nine months, while the gift funds have been 60 per cent expended.

As each of the nine countries affected—France, Italy, Denmark, Norway, Sweden, Belgium, Ireland, The Netherlands and Turkey—takes its loan, it will immediately become eligible again for the outright grants.

Aver Civil Rights Platform Ruined Democratic Party

Atlanta, Oct. 27.—(AP)—The south's one party system appears to be dying—sacrificed, many say, by President Truman on the altar of civil rights.

Even as two factions of the Democratic party in the south struggle over the remains, the Republicans are acting as chief beneficiary.

The extent of the Republicans' legacy, and the validity of their claims, will be determined in the Nov. 2 general election.

In bitterness, the south claims it was knifed to offset the desertion of many liberal elements from the party to the Progressives of Henry Wallace and to appease northern negroes.

But whatever the reasons, the solidly Democratic south ended when President Truman proposed to end racial segregation and the poll tax as a prerequisite to voting, making a federal offense and set up a fair employment practices commission.

The Democratic party has split asunder, giving birth in the process to the states rights Democratic party which claims that the proposals invade the field of authority relegated to the individual states. This party now claims it can muster with certainty 100 electoral votes to revenge the south and defeat President Truman.

The states' rights real strength, however, seems to be concentrated in four states—South Carolina, Mississippi, Alabama and Louisiana. These states have 38 electoral college votes.

Grand Jury Indicts Former U.S. Employee

San Francisco, Oct. 27.—(AP)—A federal grand jury today indicted Rafael Lagos Baraona, charging he made false representations when he was employed by the U. S. Department of Agriculture in 1947.

The indictment, returned to Federal Judge George Harris, accuses Baraona of willfully and falsely answering "no" to the question whether he advocated overthrow of the government by force or violence, or ever had belonged to an organization advocating such a course.

Baraona, the court was told, was employed and assigned to the Bureau of Animal Industry, Mexico City. He has not been in U. S. government employ for several months. U. S. Attorney Frank Hennessy said that Baraona had declared he was not a communist, but that the Department of Justice said he was.

Ask U. S. Pay Over One-Third Of UN Budgetary Costs

Paris, Oct. 27.—(AP)—A United Nations committee asked today that the United States continue to pay 39.85 per cent of the U.N. budgetary expenses.

The administrative and budgetary committee approved the assessments unanimously. They will go now before a plenary session of the same 58 nations which are on the committee.

The United States has contended it should pay no more than a third of the U.N. costs.

The U. S. payments for 1948 were \$13,841,032 out of a total of \$34,698,000 assessed against all 58 U. N. member nations. The U. N. budget estimates for 1949 total \$34,825,195.

Expect U. S. To Draft Military Pact Soon

Washington, Oct. 27.—(AP)—As soon as the elections are out of the way, the United States is expected to lay the basis for a decision on a military alliance with Western Europe.

State Department officials, it was learned today, plan to consult leaders of Congress and the major political parties to find what they will support in the final drafting of a proposed treaty to create a North Atlantic mutual defense system.

Undersecretary of State Lovett told a news conference today that the first phase of the projected non-communist alliance already has been completed. This phase consisted of "exploratory" talks held here during the summer among Lovett and ambassadors of Canada, Britain, France, Belgium, The Netherlands and Luxembourg.

Understandings reached in these talks did not involve commitments by anyone on anything, Lovett said. However, they did result in a general agreement among the participants on the form and scope of the unprecedented defense arrangement.

As a result of the Washington talks, the Western European nations decided in Paris yesterday to invite the United States formally to join with them in writing a treaty. Their invitation is expected to be accepted. Lovett said the next steps can be taken swiftly.

The first and perhaps the most important of these will be to determine the precise post-election views of Republican and Democratic leaders so that the State Department will be prepared to draft a treaty which has prospect of Senate approval.

French Communist Labor Leaders Stop Coal Imports

Paris, Oct. 27.—(AP)—The communist labor leaders today launched an all-out blockade of coal imports and tied up at least 22 ships in seven French ports. The ships, mostly American, had 200,000 tons of coal aboard.

The government was reported considering ordering troops to unload the ships.

The blockade by dockers was called by the communist-led general confederation of labor to support the 23-day-old coal strike which was shut off 3,000,000 tons of coal from France's own mines. The confederation said it also would try to stop imports by rail.

The confederation took the step as Francois Mitterand of the ministry of information announced: "It looks as if we are moving toward a resumption of work and an easing of tension in the situation."

The interior ministry said 13,508 miners reported for work today in the Lorraine field, second largest. This was 62 per cent of the total force in that field and 10 per cent more than yesterday.

Would Quash Indictments In Car Dealer Case

Edwardsville, Ill., Oct. 27.—(AP)—Motions were filed in Madison county circuit court today to quash indictments charging Robert L. Kneizer and Arthur F. Kramer, bankrupt automobile dealers, with conspiracy to defraud and obtaining money by a confidence scheme.

Arraignment of the two men, accused of swindling prospective customers, was deferred until the motions are heard by Judge Edward P. Bareis Friday. Attorneys for the defendants said they will plead innocent to the charges if the motions are denied.

In a supporting affidavit, Kneizer said his books and records were "unlawfully seized" by the grand jury that indicted the men. His affidavit also stated that newspapers and radio stations made "certain false accusations and prejudicial and inflammatory statements which I now state prejudiced the members of the grand jury against me."

FACES NEW CHARGE

Los Angeles, Oct. 27.—(AP)—Robert Mitchell, already awaiting trial on a charge of violating the narcotics law, was sued yesterday for trespassing.

Miss Nanette Bordeaux brought suit against the actor, Actress Lila Leeds, Dancer Vicki Evans, and Robin Ford, a realtor, for \$2,500 damages allegedly done to her Laurel Canyon home Sept. 1, when the quartet was arrested there on the narcotics charges.

Dewey Raps Truman's World Peace Efforts

President Says Peace Hinges On Election

Boston, Oct. 27.—(AP)—President Truman said in an "I hate communism" speech tonight that "the peace and freedom of the entire world" hang on the result of Tuesday's election.

He pledged a "never surrender" fight against communism and its "Godless creed" in this center of Catholic voting strength.

And he said, too, that he is carrying on the fight of the late Al Smith, the Democratic party's Catholic "Happy Warrior" of 1928, against a GOP appeal to "the passions of prejudice and intolerance."

The President's address was prepared for delivery in mechanics hall, Vowing to battle Reds at home and abroad, Mr. Truman promised that "we shall feed Berlin."

The communists are against him, he said, because a Democratic administration rallied world forces "to save free people from communist slavery."

And Republicans with an "anything-to-get-votes" point of view, he said, are helping a "communist intrigue" to beat him.

The chief executive spent the day fighting for 16 electoral votes in Massachusetts and eight in Connecticut as he struck into industrial New England for the first time.

The voters, he said, can fight communism "with a clear-cut vote to defeat Republican reaction."

The election of "the notorious Republican 80th Congress" in 1946, Mr. Truman said, was a misfortune "which now threatens to destroy our hopes and our safety with a new wave of blind and selfish reaction."

It was the first major address of the President's first campaign sortie into New England.

And in it he went back to the theme he used when he started campaigning on Labor Day—that a Republican victory will bring an era of fear.

In a 330-page judgment, the court handed down a blanket acquittal of all 13 defendants on the charge of plotting aggressive war and struck a charge of conspiracy. It then started to pronounce judgment on each defendant on two remaining counts of war crimes.

By the end of the day, it had dealt with four of the individual cases.

Field Marshal Hugo Sperrle, 62, was acquitted on all counts and ordered freed. He commanded the aerial fleet which blitzed London in 1940. Sperrle first gained fame as commander of the German "Condor Legion" in the Spanish civil war.

Field Marshal Karl Friedrich Wilhelm von Kuechler and Gen. Hermann both were convicted of carrying out Hitler's order for the summary execution of communist commissars who fell into German hands. They also were convicted of crimes against civilians.

Field Marshal Wilhelm von Leeb was found guilty of crimes against civilians.

The judgments of the three-man court were arrived at during a nine-month trial of three field marshals, five generals, an admiral and four lieutenants. The verdict on the remaining nine will be read tomorrow, when sentences also are expected to be pronounced.

Brooks Advocates Maintenance Of Large Air Force

Chicago, Oct. 27.—(AP)—Sen. C. Wayland Brooks tonight said this country must maintain "a large air force with an endless supply of atomic bombs if we are to remain secure."

This must be done, he said, "as long as any other nation, motivated with the desire of world domination, also remains strong."

The Republican Senator, seeking reelection, addressed a campaign rally on the southwest side.

"I will continue to support a strong national defense program to keep the United States forever secure from attack by any other nation," he pledged.

"In my opinion, the new Congress in January will probably be called upon to appropriate 18 billion dollars more for national defense."

Lt. Gov. Hugh Cross urged support of Brooks, opposed by Democrat Paul H. Douglas, in a speech before the John Ericsson Republican league in Geneva.

Allies To Review Allocations Of German Plants

Washington, Oct. 27.—(AP)—The United States, Britain and France agreed today to a full review of the reparations allocations of German industrial plants.

A joint statement made public by the State department made plain, however, that Britain and France had turned down the U. S. request for a temporary halt in plant dismantling pending the review.

Marshall Plan Administrator Paul Hoffman had suggested the three nations agree to stop dismantling certain plants while they sought to determine whether they could better be kept in Germany for the benefit of the European recovery as a whole.

The three-power statement made no mention of any stop in dismantling. It said "a list of plants" will be studied by a U. S. committee to decide what should be done with them.

Cleveland, Oct. 27.—(AP)—Gov. Thomas E. Dewey, jobbing verbally at President Truman, said tonight world peace never can be achieved by joyfully remarking we like good "old Joe" Stalin.

The Republican presidential nominee was alluding to Mr. Truman's remark that he likes "old Joe" but that Stalin is "a prisoner of the politburo."

Dewey made the reference in a major campaign address prepared for delivery in Cleveland auditorium at 8 p.m. Central standard time, and for national broadcast (NBC).

Continuing his attack on the Truman administration handling of foreign policy, the New York governor said:

Handle Problem Better

"Without partisanship, on a subject which is above partisanship, I am compelled to say to you that this problem of securing the peace must be handled much better than it has been handled in the past."

"Of course there is no easy answer. The load of easy answers is the road to disaster. But of one thing we can be sure: we shall not achieve peace by conducting these desperately important matters on a happy-go-lucky basis or by jocularly remarking that we like good old Joe."

As he did in Chicago last night, Dewey criticized the Democrats' campaign tactics.

States Objectives

Dewey said his "great overriding objectives" are:

"To establish a just and lasting peace; to strengthen our country for the great obligations that providence has placed upon us; to unite the people of our country in a 'fellowship of mutual cooperation and understanding; working together to make America a better land for our children in a better world.'"

Dewey has been preaching a theme of American unity from the start of his campaign. Mr. Truman has been banging away at the idea that the kind of unity Dewey is talking about would lead to a depression under the Republicans.

Surgeons Use Hint From Farmers To Hie Transfusions

Miami, Fla., Oct. 27.—(AP)—Surgeons have borrowed a page from the farmer's book in speeding the transfusion of blood, the Southern Medical association was told today.

Describing the need for speed and completeness of blood replacement in cases of hemorrhage and shock which are possible during childbirth, Dr. Curtis J. Lund of New Orleans said war experience had demonstrated that "massive" transfusions can be given quickly and safely.

A simple method of "stripping" the rubber tube through which the blood flows, somewhat like a farmer milks a cow, he said, quickly forces the blood into the patient's veins. A pint of blood can be given in five minutes through a single unit.

Say Chicago Men Bought 'Hot' Gems

Chicago, Oct. 27.—(AP)—Twenty-year-old George Erickman, Jr., testified today he didn't know the \$60,000 worth of jewelry he bought for \$17,000 was stolen.

Erickman is one of four defendants being tried in federal court on charges of receiving stolen property. The others are his father, George, Sr., 44, who owns the Merit Ring company, 15 South "Vabash avenue"; Andrew J. Caroscia, 39 (2715 West Polk street), a filling station operator, and Frank Zizzo, 34 (2416 W. Taylor street).

PUBLISHERS' AUXILIARY POLL INDICATES DEWEY WILL RECEIVE 364 ELECTORAL VOTES

When the polls close in the 1948 presidential election "grassroots" newspapermen think that Gov. Thomas E. Dewey of New York will have amassed 364 electoral votes. They believe he will have topped President Truman's total of 133 and Gov. J. Strom Thurmond's (N.C.) total of 34.

The results indicate that Governor Dewey will carry 30 states; President Truman will hold sway in 12 and Governor Thurmond in three. The response was split between Dewey and Truman in two states and between Truman-Thurmond in one.

Most of the state opinions are emphatic, analysis of the returns reveals.

Editors voted almost unanimously for Dewey in California, Colorado, Idaho, Illinois, Iowa, Kansas, Maine, Michigan, Minnesota, Montana, Nebraska, New Jersey, New York, North Dakota, Ohio, Pennsylvania, South Dakota, Utah, Vermont, Washington, Wisconsin and Wyoming.

They were for Dewey, but not so emphatically, in Connecticut, Delaware, Florida, Maryland, Missouri, New Hampshire and Oregon.

Votes cast were equally divided between the Republican candidate and President Truman in Massachusetts and West Virginia.

President Truman drew emphatic support from Arkansas, Georgia, North Carolina, Tennessee, Texas and Virginia. He was supported, but by lesser margins, in Arizona, Kentucky, Nevada, New Mexico, Oklahoma, Rhode Island, and Virginia.

An indication of the divided thinking on the Democrat and "Dixie-Chat" question developed in Governor Thurmond's home state of South Carolina. There, newsmen reported an equal support for the "favorite son" candidate and the traditional Democratic slate.

Governor Thurmond had unanimous support from Alabama but his support in Louisiana and Mississippi ran only slightly ahead of President Truman's.

It is apparent that editors in the states holding the largest blocks of votes believe they are assuredly Republican. They include California, Illinois, New York, Pennsylvania and Ohio. The one large state exception was Texas.

There are some surprises in store, if the poll results follow, accurately, the public thinking. For instance, Florida—generally a Democratic state—is in the Republican column.

Kentucky, in the Democratic column in every election since 1908 but once, is narrowly there in the poll of newsmen.

If the poll's figures are accurate, the winning candidate's plurality of 231 would be the smallest since 1908 when 159 was the margin. It would be comparatively close to the Republican plurality of 246 cast in 1924.

Although the current poll followed exactly the patterns of testing non-metropolitan newsmen's opinion which was used last fall with a high degree of accuracy, there are several varying factors which could disrupt predictions.

Poll sponsors point out that elections may often be won or lost in the final month of campaigning, regardless of apparent strength of candidates evidenced earlier.

They also point out that inaccuracies in a very few states could alter the final, electoral college results.

A Spoiled Ballot Often Costs Voter His Choice

Do you know how to vote? That seems like a silly question. But judging from the number of improperly marked and spoiled ballots that are tossed out by judges at each election in Morgan county, a considerable number of citizens cheat themselves out of votes that actually count.

Sometimes it's carelessness. Sometimes the voter doesn't appear to have known the rules for marking ballots properly.

Ask any man or woman who has served in Morgan county polling places on election day. They'll tell you that quite a few ballots go into the discard because the judges and clerks cannot figure out the intent of the voter—the ballots weren't marked according to law.

Numerous questions arise in advance of each election about how to mark ballots. On election day, too, there usually are last-minute inquiries about how to do this or that. There are a few general rules which if voters adhere to, will guide them in the proper technique of voting.

On entering the polling place, the voter states his name and address to the clerk and signs an application for a ballot. The election officials, of course, make certain that the voter is properly registered.

To vote a straight ticket the voter places a cross in the circle at the head of his party column, or places a cross in the square in front of the name of each candidate in his party column.

To split his ticket, the voter places a cross in the square before the name of each candidate for whom he wishes to vote, or places a cross in

the party circle above the party column in which are a majority of the candidates for which he wishes to vote, and afterward marks a cross in the square before each candidate for whom he wishes to vote in any other party column.

Each voter may cast three votes for members of the Illinois General Assembly which he may distribute as he desires. A cross in the square before one candidate only, gives that candidate three votes; a cross in the square before two candidates means one and one-half votes for each; a cross for three candidates means one vote each.

Persons well up on voting procedure say that mistakes should not be erased, but that the voter should return his ballot to a judge and request another.

In casting a ballot, fold it so that the initials of the judge are plainly visible, hand it to the judge in charge of the ballot box, and see that he deposits it.

Boyle's Column The Little Man Who Won't Be There

By Hal Boyle
New York—(P)—America's public enemy No. 1 is going to wake up a week from today, take a look at his newspaper and start moaning: "Good Lord, look who they've elected."

He will weary his wife with loud cries of lamentation: "The country's gone to the dogs. What a place this will be to live in for the next four years."

Who is this human eight-ball? I'll tell you his name. His name is Legion. He is Democracy's worst foe. He could be the guy who lives next door or in the apartment over you. He may be you yourself.

He is, in short, the guy who won't have voted—the little man who wasn't there.
Won't Act To Correct Wrongs
He is the guy who thinks he knows exactly what's wrong with his country—and won't take a few small steps to the polls to help set it right.

Come next Wednesday he'll have a lot of reasons, all bad, for why he didn't bother to do in the secrecy of a voting booth what John Hancock once dared to do in the open—at the risk of a king's anger.

This man with a citizenship quota of minus zero will explain away his failure to back what he believes in by saying:

"I forgot to register."
Or, "I had something else to do, and there was a line at the polls."
Or, "I just didn't like any of the candidates all the way."

Never Know How Much Vote Counts
Or, he may capsule his whole futility into the common excuse:

"Oh, well, what does my vote count anyway?"

The trouble with that attitude is that no man is ever in a position to be sure how much or how little his vote counts.

Take the case of the two men who perhaps did most to win the crossing of the Rhine in the second World War.

Staff Sgt. Eugene Dorland of Chicago fired two bullets—but those bullets cut the conduit holding wires placed to explosive charges placed by German engineers on the Ludendorff bridge at Remagen.

more than I do." Neither of the two men knew that their lone acts of heroism would help shorten the war and save thousands of American lives. It was just another dirty anonymous battle assignment to them—when they did it. Voting in America is now clean, safe and anonymous. It just takes a little bit of trouble.

CHECK these advantages of SOIL-CEMENT for light-traffic streets

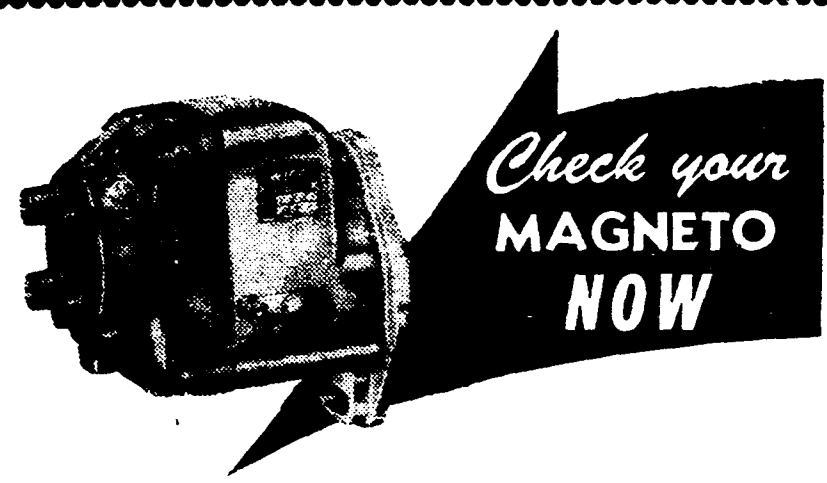

ECONOMY
Soil-cement pavement is low cost because: (1) about 90 per cent of the required material is usually local soil already on the street and (2) it is easy and fast to build. Economy is important to taxpayers.

ADAPTABILITY
Whether your local street is now dirt, gravel or stone, it can be transformed into strong, long-lasting pavement with soil-cement. Soil-cement streets can be built and used under a wide range of weather conditions.

DURABILITY
The durability of soil-cement for local streets has been proved by years of all-weather service at low-maintenance expense. Since 1935 more than 46,000,000 square yards of soil-cement pavement have been built in the United States.

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there regularly twice a year.

Amazing Results

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thionin in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it. Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. Wyoming's greatest community sport is the rodeo.

Don't you tempt fate...

Don't try to palm off a worn-out summer oil on your engine this winter. It just doesn't pay. Because, first of all, it's bound to be dirty. And that means excessive wear on metal surfaces. But more important, old summer oil just can't measure up.

So don't you tempt fate! Make a date today to OIL-PLATE your engine with winter-grade Conoco N⁶ Motor Oil! Get N⁶ oil's

From where I sit... by Joe Marsh

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: any one can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sundown, neighbors from miles around have come together—the women

contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.

Wofford Gridders Tied Five Times This Season

Spartanburg, S. C., Oct. 27.—(AP)—The Wofford college football team is fit to be tied—the undefeated Terriers have been just that in their five games this year.

They've done it scorelessly, by coming from behind and after establishing early leads—they still can't win for tying.

Funny, But Hurts
"It looks like we're destined for tie games and its getting pretty monotonous," is the morose observation of Coach Phil Dickens, former Tennessee back who is in his second year at the Terrier helm.

"It's the funniest thing I've ever seen," he growled. "So funny that it hurts."

"In fact, we're fit to be tied!" The five game tying streak, believed to be a national record, may snap this week. The Terriers are heavy favorites to take the Newberry college Indians Saturday.

In all but one of their five contests to date have the Terriers been the underdogs—that one, a 6-6 opening tie with Hampden-Sydney, was a pre-game toss-up.

Came From Behind

Two of the statesmen bobbed up when the Terriers came from behind in the final minute with touchdown passes thrown by Freshman Bob Starnes of Chester, S. C., against Hampden-Sydney and against Catawba, 7-7.

The game with Northwestern, Louisiana State was scoreless. Then the Terriers star back, Sammy Sewell, made a breakthrough touchdown run against Furman and passed the Terriers to a score against Davidson.

Wofford led in both those games. And in both, the opposition managed to grind out a touchdown and boot the extra point for 7-7 ties.

Guard Vernon Quick of Laurinburg, N. C., a 215-pound sophomore, booted the extra point but missed the one that could have beaten Hampden-Sydney.

The name porpoise comes from porpoise, or pork fish.

Our weekly predictions on major national and local football games are based upon form sheets. They take into account only past performance. Sometimes the teams don't play according to their rating.

If the clubs came as close to hitting their rating as we did last week, this job would be much easier. Our average for the year has been .789 right. Last week we averaged .788. See what we mean.

We came very close on three last week, but failed to score a direct hit. The close ones included the national headlines, Michigan and Minnesota, which we picked 28-14 for the Wolverines and which they won 27-14. We chose Rutgers over Lehigh 21-7 and it ended 20-6. We favored Tulane over Auburn 20-6 and it ended 21-6.

Our standing for the season was unchanged by last week's results. This week it's going up with these guesses:

JAMES MILLIKIN 20, ILLINOIS COLLEGE—You can look for the greater portion of this scoring in the third and fourth chapters. I. C. will stand off the Big Blue attack for some time, but doesn't possess the power to score this week.

ILLINOIS SCHOOL FOR DEAF 13, INDIANA DEAF 7—One of the toughest hurdles of the year for the Tigers, Coach Art Yates' gang will be out to protect a perfect record, both this season and in competition with the Indiana club. That will help decide the game.

GREENFIELD 20, WINCHESTER 7—Our rankings give the Luketich-coached gang an 18-point edge, but Winchester has been improving steadily. There's a chance for an upset here, but its not too much of a threat.

WHITE HALL 21, PLEASANT HILL 6—Here's an easy one for Coach S. N. Walker's Maroons. Pleasant Hill just isn't due to chalk up a victory this season.

JERSEYVILLE 21, ROODHOUSE 0—The Panthers will suffer a natural lull after the Pittsfield game, but the Railroaders won't be able to catch them napping. They've got too much at stake.

PITTSFIELD 27, CARROLLTON 0—The Saukees are out for the Illinois Valley conference title and the Hawks won't be able to stoop them. Coach Glen Smith's team still isn't in top form and won't pile the points too high.

WAVERLY 7, VIRDEN 6—Going on comparative scores, and very poor ones at that. We hope we aren't putting a jinx on the Scotties by picking them to win. They certainly fooled us last week.

MICHIGAN 27, ILLINOIS 7—The Illini are improving and all that, but they don't pack the punch to upset the mighty Wolverines this year. Although they can't go to the Rose Bowl, the Michigan gridders would like to repeat as Big Nine champs.

NOTRE DAME 27, NAVY 15—The Middies are showing great improvement, but they haven't won a game this season and we don't look for them to start here. The Irish have shown a disappointing offense and it isn't likely that they'll go on a scoring rampage.

MICHIGAN STATE 19, OREGON STATE 7—The Spartans will get the victory they were looking for when they tied Penn State last weekend. The East Lansing club is good and even Oregon State's victory over UCLA can't sway us.

GEORGIA 21, ALABAMA 6—Alabama looked especially fine in winning from Mississippi State last week and could spell trouble, but Georgia is in top shape.

GEORGIA TECH 20, DUKE 7—A great rivalry here, and you know what that can mean. However, Tech sizes up heads and shoulders above the Bulldogs.

ARMY 40, VIRGINIA TECH 0—We wish there were more like each week. Cornell's sad plight indicates that the Cadets are gunning for national honors.

PURDUE 35, MARQUETTE 0—The Boilermakers finally regain their winning form, and with a bang. Marquette has a poor defense, and the attack isn't much better.

MINNESOTA 21, INDIANA 7—The Hoosiers, beaten by Pitt last week, won't rebound against the mighty Gophers. There'll be a let-down in the Minnesota camp after the loss to Michigan, but don't look for it to make much difference.

WISCONSIN 14, IOWA 13—A three-star special. The Badgers will come through for Harry, just as they tried to do last weekend. Iowa can't be underrated, however.

NORTHWESTERN 14, OHIO STATE 7—Here's one which might provide plenty of offensive fireworks, but we believe both clubs will settle down to provide some good, steady football.

MISSOURI 40, KANSAS STATE 0—Another easy one.

Bill Dickey Named Yankees' Coach Wednesday

New York, Oct. 27.—(AP)—Bill Dickey, former star catcher of the New York Yankees, was named today as coach of the American League club.

Dickey, now 41, played nearly 17 years with the Yanks and participated in eight world series. He succeeded Joe McCarthy as manager of the Yanks. May 24, 1946, but did not finish out the season. He announced on Sept. 12 of that year that he would retire as field boss at the end of the year and Larry MacPhail, then president of the club, immediately named Coach Johnny Neun to succeed him.

Neun, incidentally, rejoined the Yanks as a player contact man yesterday. He left the Yanks after the '46 season to manage the Cincinnati Reds.

The appointment of Dickey as coach follows the release of Coach Charley Dressen. Dressen, another MacPhail man, was named manager of the Oakland club of the Pacific Coast league.

Thus was completed a thorough overhaul of the Yanks' board of strategy. Johnny Corriden, another coach who had been brought in by MacPhail, was released some time ago.

Crosfield, long time Yankee shortstop, played in spots last season and helped with the coaching. Next season he will devote all his time to coaching.

Ohio State Top Offensive Unit In Big Nine

Chicago, Oct. 27.—(AP)—Ohio State, which faces Northwestern in this week's top Big Nine football attraction, has replaced unbeaten Michigan as the conference's No. 1 offensive unit.

The Buckeyes are ahead in first downs with a 16 average per game. In total yards gained with 306.6 and rank third on number of points scored behind Michigan and Wisconsin.

Ohio State has a 196.3 yard rushing average per game and 110.3 yards passing. Wisconsin is tops in rushing with 225.3 while Michigan leads in passing with 169.3 on a .500 completion record.

The Wolverines remain the best defensive club, holding opponents to 51.7 yards rushing. Northwestern's pass defense is best with a 47.3 limit.

Winchester Faces Greenfield Club Thursday Night

The weekend Illinois Valley conference card opens at Winchester tonight with a contest between the Wildcats and the strong Greenfield eleven.

Although the hosts would have to pull an upset, a Winchester victory in the league contest doesn't seem impossible. Comparative scores and season records both give the Greene county gang the edge, but the Wildcats have shown steady improvement while Greenfield has run more or less hot and cold.

Winchester moved out of the Ivy collar with a victory over Pleasant Hill last week. That win, the Wildcats' first of the year, has given the Scott county eleven renewed confidence.

Greenfield tied White Hall 13-13 last week.

A proposed preliminary contest between freshman-sophomore teams from Jacksonville and Winchester has been postponed.

Governor Green Pays Tribute To Henry Horner

Chicago, Oct. 27.—(AP)—Governor Dwight H. Green, a Republican, today paid tribute to his Democratic predecessor, the late Gov. Henry Horner.

Green dedicated a statue of Horner, the state's chief executive from 1933 until his death in 1940, which was unveiled in Grant Park on Chicago's lake front.

"What shall we say here of Henry Horner?" Green asked. "We could remain here until sundown without exhausting the record of the great and little things which illustrate his noble character."

Green, in his prepared address, praised Horner's achievements during the 18 years he spent on the probate court bench in Chicago, and then turned to his record as governor.

"Perhaps Henry Horner's greatest contribution to Illinois as governor was what he accomplished to break down the barriers of racial and sectional prejudice within the state."

"The rich example of his achievement in winning the hearts of all the people of Illinois has been a great lesson in tolerance and understanding."

"It has improved the lot of every minority group in the state, and it has made it easier for all of our people to live and work and prosper together."

Iowa City, Ia., Oct. 27.—(AP)—Football Coach Eddie Anderson kept up the hard practice pace for Iowa this afternoon with another freshman-varsity scrimmage.

10 Tiger Farm Players Declared Free Agents

Cincinnati, Oct. 27.—(AP)—Baseball Commissioner A. B. Chandler today wiped 10 ball players off the Detroit American league baseball team's farm rosters and said "Beyond any doubt these players were covered and handled contrary to baseball law and procedure."

The club was not fined. It was the second time in eight years the Detroit club has felt the wrath of the baseball commissioner's office for its farm club operations. In 1940, the late K. M. Landis, then baseball's boss, delved into the operations of the Tiger system and declared 91 players free agents. At that time the team also had to pay \$47,250 damages to 14 other players.

That group freed included Roy Cullenbine, long a major leaguer, and Benny McCoy, who later sold himself to the Philadelphia Athletics for a fancy price—and then never lived up to advance notices.

This also was the second time in Chandler's regime that he had cracked down hard on major league owners. On Sept. 1 he levied a \$2,000 fine against Pittsburgh of the National League for violating the bonus rule. He also hung a \$500 punishment on Ray Kennedy, the Pirate farm director.

The players freed by Chandler today are:
Clem Cola, James A. Moran and Donald T. Myers, all now with Little Rock although Myers is on the voluntary retired list; Paul T. Hinrichs and William R. Serena, now with Buffalo; Clifford Dooley, Paul G. Ahrens, William P. MacDonald, Jr., and Ernest J. Wilmon, now with Flint and Oswald B. Kolwe, a pitcher who was transferred from Little Rock to the Tigers last Sept. 1.

Bill Meyer, Pilot Of Bucs, Is Voted 'Manager Of Year'

New York, Oct. 27.—(AP)—William Adam "Bill" Meyer today was voted the "Manager of the Year" in a nation-wide poll conducted by the Associated Press.

The 36-year-old freshman pilot of the Pittsburgh Pirates nosed out Billy Southworth, leader of the National League champion Boston Braves in a neck and neck race. Meyer received 89 votes to 87 for the veteran world series campaigner.

In all, 220 baseball experts took part in the voting. Besides Meyer and Southworth, Lou Boudreau, Joe McCarthy, Burt Shotton, Steve O'Neill, Bucky Harris and Connie Mack received scattered support.

Boudreau, who piloted the Cleveland Indians to their first American league pennant in 23 years, and then led them to the world championship, ranked third with 20 votes.

McCarthy, whose Boston Red Sox bowed to the Indians in an unprecedented playoff for the flag, was fourth with 19 votes.

Harris, released manager of the New York Yankees, was selected as the No. 1 pilot by three experts. The others each got one vote.

Meyer received the No. 1 rating because of the outstanding job he did in leading the Pirates to a fourth place finish after having them in flag contention until the final two weeks of the season. He took over a club that finished in a tie for the cellar last year with the Philadelphia Phils.

Pro Tennis Stars Slightly Injured In Auto Accident

Sydney, Australia, Oct. 27.—(AP)—An automobile carrying Jack Kramer's touring professional tennis troupe overturned at Gunneah, New South Wales, today, injuring two members of the party slightly.

Bobby Riggs of Chicago, former U.S. singles champion, and Francisco (Pancho) Segura of Ecuador, onetime holder of the U. S. indoor and intercollegiate titles, received minor cuts.

Kramer, who was U.S. and Wimbledon champion when he turned pro, and Dinny Pails, former Australian champion, escaped injury. The four, who toured the United States last year, have been in Australia several weeks.

Take New Crack At Endurance Record

Fullerton, Calif., Oct. 27.—(AP)—Bill Barris and Dick Riedel are aloft today in their second attempt to break the world's endurance flight record of 726 hours.

Forced down Sunday with a bad magnet after flying 106 hours, the aviators took off again at 3:45 p.m. (PDT) yesterday in the single-engine plane. They intend to stay up 42 days.

Columbus, O., Oct. 27.—(AP)—Ohio State's Buckeyes learned a couple of new grid tactics in their second secret practice today in preparation for Saturday's Big Nine game at Northwestern.

WORK IN TWO UNITS
Minneapolis, Oct. 27.—(AP)—Minnesota's football Gophers, taking a wary view of the underdog Indiana team they play Saturday, worked out in two units today, one for passing and one for rushing.

AD PATCHED-UP
Lafayette, Ind., Oct. 27.—(AP)—A yearling squad, well drilled in tricky Marquette laterals, kept the patched-up Purdue varsity guessing in a scrimmage today.

Captain Phil O'Reilly continued emergency service at right tackle, and Bob Whitmer looked like the choice for end on the injury-ridden right side of the line.

WILDCATS STRESS RUNNING
Evanston, Ill., Oct. 27.—(AP)—Northwestern's Wildcats stressed running plays and pass defense today as they prepared for their football game Saturday with the Buckeyes of Ohio State. The Cats are at full strength except for Dick Flowers, defensive halfback, who is out with a badly twisted knee.

Wesleyan On Top In Little Nine Loop Standings

Wheaton — (Special) — Illinois Wesleyan's Titans, undefeated College Conference of Illinois pace-makers, play host to the Carthage Redmen Saturday afternoon as they put their title hopes on the block for the second straight week.

Coach Bob Morrow's men climbed into the driver's seat last weekend with a 33-6 triumph over previously unbeaten Illinois College.

Wheaton College and North Central meet in a traditional battle at East high field in Aurora Saturday afternoon. The game was originally scheduled for Friday night. Wheaton last week dropped the Lake Foresters from a tie for first into a four-way scramble for second place with a 34-26 win. North Central was defeated by Augustana, 14-7, in a homecoming contest.

The only other league contest brings an injury-ridden Illinois College Blue Boy squad against James Millikin at Decatur. In non-conference encounters, DePaul is at Lake Forest, Monmouth at Augustana in Rock Island and Aurora at Elmhurst.

Carthage pulled out of a decided slump by trouncing the Elmhurst Blue Jays by an 18-0 count, and in the only non-conference game last Saturday, James Millikin was handed a 20-0 setback at the hands of the Carroll Pioneers.

Irish Defense Is Vulnerable But They Keep Winning

South Bend, Ind., Oct. 27.—(AP)—The football Irish of the University of Notre Dame developed an abnormal streak of generosity this season—intentional or not.

The thought may give some comfort to the Navy at Baltimore Saturday.

Coach Frank Leahy's green-clad battlers this fall have added five links in a chain of 23 games without defeat.

They have scored 165 points in the process, comparing favorably with 141 they collected in their first five games last season and 177 in the first five contests of 1946. At the same time they have given up the unheard-of total of 59 points.

Leahy's 1947 team allowed its first five opponents only 13 points among them. The 1946 Irish yielded three touchdowns in their first five games.

Notre Dame this fall blanked Pittsburgh, 40-0, after being given a 28-27 scare by Purdue in the opening game. Since then its goal line has been crossed once by Michigan State, twice by Nebraska and twice again by Iowa.

Only the Purdue game was close. There's speculation that the Irish want no more withdrawals on such major opponents as Army and Michigan and deliberately relax in the late stages of already-won games.

Illinois Varsity In Dummy Drill

Champaign, Ill., Oct. 27.—(AP)—Coach Ray Elliot sent his University of Illinois gridders through a lengthy dummy drill today. A light workout is slated for tomorrow before the squad leaves for Ann Arbor and the Michigan game.

No new injuries were reported in the Illinois camp, but Sam Piazza, quarterback back, remained on the doubtful list because of a bruised side.

New Left Halfback For Irish Team

South Bend, Ind., Oct. 27.—(AP)—Bill Gay and Ernie Zaleski were named today to share the left halfback position for Notre Dame in its game with Navy Saturday.

Jack Landry, sophomore, also may be shifted from right halfback to bolster left half. Terry Brennan, three-year veteran, is out with a knee injury.

The Irish concentrated on passing today. Frank Tripucka, Bob Williams and Gerry Begley did the throwing.

PATCHED-UP PURDUE HAVING TROUBLES

Lafayette, Ind., Oct. 27.—(AP)—A yearling squad, well drilled in tricky Marquette laterals, kept the patched-up Purdue varsity guessing in a scrimmage today.

Captain Phil O'Reilly continued emergency service at right tackle, and Bob Whitmer looked like the choice for end on the injury-ridden right side of the line.

STRADER TO COACH FOOTBALL YANKEES

New York, Oct. 27.—(AP)—Norman (Red) Strader has been signed both as head coach and general manager of the New York football Yankees in the All-America conference for next season, President Dan Topping announced today.

Strader, formerly an assistant, took over as coach of the Yankees earlier this season after Ray Flaherty was dismissed. There had been some question of his future with the club until Topping cleared the air.

Bednarik, Center For Penn, Named Lineman Of Week

Philadelphia, Oct. 27.—(AP)—Chuck Bednarik, the University of Pennsylvania's All-America center, is a boon to the football fan a la television.

The big 220-pounder from Bethlehem, Pa., is in the middle of so many plays—both offensively and defensively—the video viewer can't go far wrong by keeping his eyes on Bednarik.

That's the impression you get while watching "The Clutch" person on an eight-by-ten inch television screen through four games this season.

Sometimes the visual melee that develops when 22 huskies tangle helmets on the little rectangle in your living room is a mite confusing. Bednarik adds a bit of clarity to the scene.

Other Abidities
All of which is not the only reason why he was chosen "Lineman of the Week" in the latest poll conducted by the Associated Press.

Bednarik's performance against Navy last Saturday was typical of his play with Penn not only this year but during the last two as well.

Penn, fighting to protect an unbeaten record, led by a 20-14 score in the final period. Navy elected to try a running play down to the line of scrimmage.

Bednarik—defensive line backer—diagnosed the play and stopped the Middle runner short of the first down. Penn took over and the game was on ice from then on.

In the Navy game, Bednarik shared the punting chores as he had done against Dartmouth, Columbia and Princeton. He also carries the ball on a fake kick play and against Columbia turned passer once.

"Bednarik could play any position on the team," says Penn coach George Munger, "and he would be as outstanding no matter where he played."

Previous Selections
Bednarik is the third AP "Lineman of the Week" selected this season. Lauri Niemi, Washington State tackle, was named last week and Alex Sarkisian, Northwestern center, two weeks ago.

The Penn center was hardest pressed for line honors by Leo Nollmiller, Minnesota

The Loves of Carmen
By SOPHIE KERR
Copyright, 1948, NEA SERVICE, INC.

XXVII

IN Lucas' late house that night, Carmen laid out the fortune-telling cards with great care. She said, "The cards never lie to a gypsy, my friend." But she looked moody, and her mind was not on the cards. Lucas watched indulgently, more interested in Carmen than in the fortune. "They always tell the truth, Lucas," she went on. He leaned forward, casually. "And what are they telling you at this minute that makes you look like such a beautiful thundercloud, my Carmen?"

She touched a card, her voice low. "They tell me that the thing I have been expecting is coming nearer, Lucas."

Pablo's face appeared at the edge of the window. Only his eyes were showing. They saw but were not seen.

"They tell it might be soon now, Lucas," she said.

Pablo's face slid away from the window, with narrow-eyed satisfaction.

Lucas smiled. "You're really afraid of something you see there, aren't you, Carmen?"

Carmen patted his hand. "You are not the only one who has death for a business partner, little bullfighter. Death travels with me, too, in the shape of a man who loves me. The cards have always said that, Lucas. They said that such a man would kill me." Her voice rose restlessly, became harsh. "And I know such a man."

IN the cave Don Jose's face was reflected in the broken piece of mirror resting on Carmen's shelf. His face was a bad face, changed and fallen, harsh and ugly. His eyes were tortured and cruel.

He studied his own reflection with despair and heard Dancaire's voice say, "Yes, you've changed."

"We become what we do," Don Jose replied in a flash of bitter insight. "All these months I've been saying to myself—I am not Jose de Navarro. I'm not a deserter. I'm not a robber. I'm not a murderer. I am Don Jose Lizarrabengoa, a well-bred, well-behaved young man with a bright future who for the moment is playing at being a highwayman because he loves Carmen." He threw the mirror down. "But it isn't true. I'm no longer Don Jose. We become what we do. I am Jose de Navarro. I'm just as cruel and ugly and hard as Garcia was."

Dancaire looked at him pityingly. "No, you're worse. Because you have a conscience. The only really wicked men I've ever known are those who started as idealists. That's what depravity feeds on. Illusions and idealism and love gone wrong."

Pablo came into the cave. His manner was furtive and strangely eager. "I have news for you, Navarro," he said. "You've nothing to worry about. Carmen's having a good time like I thought. I know where she is and who she's taken up with."

Don Jose stood still, waiting for the whole story.

"You heard her mention Lucas, the matador? He has a fine house in the street of the Bejari and every afternoon they are together at the Corral de la Plaza." Pablo looked at him sideways. "I would certainly go there and bring her back if she belonged to me."

Jose pushed Pablo aside so roughly that he staggered, lost his footing and fell. Dancaire chuckled. "Poor Pablo! No matter what he does, he always ends up the same way, on the floor." But Pablo stayed where he was and watched Don Jose with eyes that were sharp with malice. Don Jose began to select garments from a heap in the corner and prepared to change his clothes.

Dancaire said, "Don't be an idiot! You can't go into the city. They'll shoot you down without even thinking about it."

At this Pablo crawled out of the cave and disappeared into the darkness.

Dancaire went on in his cool detached way. "Be patient, amigo, she'll be back one of these days. You must get used to this sort of thing."

Don Jose turned his head sharply to look at him, his eyes blazing. "Never!"

OUTSIDE the arena of the Corral de la Plaza, Carmen leaned to kiss Lucas, laughing happily. He looked magnificent in full matador fighting regalia and she had never looked so beautiful as at that moment. "There, little bullfighter," she said, "you will get another one for each bull you kill."

There was excitement and activity all around them. In the Corral the processions were being made up for the formal opening march into the arena itself. The spasmodic roars of the crowd in the stands attested that the preliminary fights of the afternoon were taking place. The main event was being readied, the corrida featuring Lucas. The horses were being jockeyed into place. The parade was being formed and spirits were high.

Lucas lingered, to take another kiss, and then said with mock gravity. "Be careful—you'll have me killing every bull in Spain."

Over near the gate stood a furtive and grim trio, out of key with the high excitement and gala spirit of the fiesta. It was Pablo and two policemen.

Pablo was excited and nervous. He said urgently, "Don't forget the reward. Five thousand duros. I get half, and don't tell Carmen who told you." He looked around. "He'll be here, you'll see. He'll be coming here to get her. Just keep your eye on her and you'll get him."

The police, eyes on Carmen, walked to their vantage points, their guns ready.

MacMurray Girls Hear Debate On '48 Issues

By Nancy Wheeler
To arouse student interest in the approaching presidential election, a political rally was held Wednesday night at MacMurray College under the auspices of the American government class.

Accompanied by marches played by the MacMurray College band students under their respective Democratic and Republican banners conducted a torchlight parade in front of Ann Rutledge Hall. Following the parade and singing of the "Star-Spangled Banner" led by Harriet Rogers, came the debate.

"Resolved: That the best interests of all the people will be best served by a Republican victory on Nov. 2," JoAnn Pospischal acted as presiding officer. Marianne Martin and Horace H. Bancroft, Jacksonville representative for the Chicago Tribune, argued the affirmative. Kitty Lockridge and Harry Story, local attorney, presented the negative.

Miss Martin, first affirmative speaker, opened the debate by presenting the issues of the Republican platform—reduction of taxes, benefits to labor through the Taft-Hartley act, reduction of the national debt and foreign policy.

Mr. Story as the first negative speaker presented the Democratic keynote, "Look at the record." He compared the records of Republican Senator Brooks to that of the Democratic candidate Paul Douglas, and disputed Governor Green's of "an efficient and economical administration."

Mr. Bancroft, upholding the affirmative, reviewed the Republican leadership for the past half century.

Miss Lockridge, the second negative speaker, refuted the issues of the Republican platform and presented evidence of the inefficiency of the 80th Congress, which she declared to be the real issue of the 1948 campaign.

The main points of the debate were the labor problem, civil rights, foreign policy, inflation, taxes, housing and the state political situation.

The members of the government class who planned and conducted the rally were Kitty Lockridge, chairman; Orna Mager, Rosalind Troncin, Margaret Collins, Elvira Metzendorf and Mary Jean Norris.

Firemen Continue Fight With Birds; 3rd Round Tonight

The declared war on starlings which infest Central park trees continued Wednesday evening — with more velocity than ever.

Five units of fire-fighting apparatus were brought into use in the second night of the battle to rid the public square of the nuisances. Additional help was supplied by members of the Amvets post, who were armed with shotguns, and by citizens who flashed automobile spotlights into the branches.

Fire Chief Charles Loneragan ordered out two auxiliary pumps to step up pressure in hose lines directed into the trees. The pressure was practically doubled and the water was able to reach the highest limbs. Two motorized pumps and the hose truck used sirens to provide a serenade for the departing birds.

When the work was completed, the starlings had left. Amvets lurked in the district to ambush any daring returnees.

Operations against the birds will continue this evening.

Prominent Jersey Co. Couple Mark 50th Anniversary

Jerseyville—Mr. and Mrs. Patrick J. Fleming, prominent residents of this city, marked their golden wedding anniversary on Oct. 26. No formal celebration of the event was arranged but a dinner for members of the family was held at the Fleming home Tuesday noon. All seven living children of the couple and their families were in attendance. The Rev. Father John J. Clancy, pastor of St. Francis Xavier's church in Jerseyville, was also a guest at the affair.

Mr. Fleming is a trustee of the church, having served in that capacity since July, 1930, when he was appointed by the late Rt. Rev. James A. Griffin, bishop of Springfield.

Mr. and Mrs. Fleming resided for a time on a farm near Jerseyville and later moved to this city where Mr. Fleming was engaged in the real estate and farm management business until he became associated with the State bank of Jerseyville. He has been connected with the bank for over 42 years and was re-elected its president for the 27th consecutive year at the annual meeting of the board of directors last January.
